

Answers: Cleveland's Caldwell Quiz

1. Caldwell, West Caldwell, Roseland, Essex Fells, Fairfield, North Caldwell, Verona, Cedar Grove, and parts of West Orange and Livingston.
2. 320,823. New Jersey grew only slowly; in 1830 Kentucky's population already had grown to 560,000 and Tennessee's to 422,000.
3. The First Presbyterian Church at Caldwell. In 1848 the Baptist Church became the second church in Caldwell and, because of tragic fire, the oldest one still extant.
4. Pike climbed a peak in Colorado. Marshall discovered gold in California, many N.J. people went west.
5. 10, 973. There were no other towns larger than 4,000 souls. Newark was just about 3,000 people larger than Caldwell is now!
6. Apple cider was one of the largest "industries". Much cider was known as "New Jersey" lightning as it aged into hard cider.
7. To feed the silk worms at the start of the silk industry in Paterson.
8. A cannon from the Barbary Coast wars. It was placed on the green. It was also stolen in 1968.
9. People going west; wagon trains of 50 wagons, families pulling handcarts, even a dad pushing the family kids in a wheelbarrow. Over farming, deforestation, and environmental changes forced people to go West where there was new, free land, and the soil was not ruined. New Jersey was only growing because of new immigrants and their new skills replaced the small farmers.
10. A log cabin for William Henry Harrison rallies—and Tyler Too!
